ACCESS FLOOR FINISHES

ASM'S RAISED ACCESS FLOOR FINISHES

Building on a successful past, ASM's history is a long one; long on innovation and on quality. Stringent testing and quality control checks developed by ASM's technical team have served our clients well over the decades. Across the board, ASM's product lines are subject to rigorous examination and floor finishes are no exception.

ASM INFRASTRUCTURE SOLUTIONS

CONTENT

FUNCTIONAL. DURABLE. BEAUTIFUL

ASM has assembled a comprehensive array of floor finishes, some of which have been selected purely for their exceptional durability and beauty.

For many years, ASM has been providing specialized and high quality flooring products to architects, designers, contractors, distributors and installers. ASM offers a flooring finish to satisfy every aesthetic requirement.
